# Web Accessibility Statement

Bethune Cookman University (B-CU) is committed to ensuring that our web environment is accessible to everyone, including individuals with disabilities. We actively work together toward meeting accessibility standards as defined by Section 508 of the Rehabilitation Act and the Web Content Accessibility Guidelines (WCAG) 2.0 AA of the World Wide Web Consortium - Web Accessibility Initiative (W3C).

We actively evaluate our web environment using manual and automated accessibility assessment tools and strive to make the recommended adjustments in a timely manner. Our content providers and web development team receive ongoing accessibility training on web development techniques.
